F. C. Steele has resumed publication of the Raymond Leader.

## Blaimore School Board Meeting

Teachers Engaged for Ensuing Year. Accounts Passed and Various Committees are Appointed.

At a meeting of the Blaimore school trustees held on July the 12th, the applications of Misses Felton, Keith and McCollm for re-engagement were favorably considered, and it was decided to engage seven teachers and a principal for the coming year. Miss Grant and Mrs. Stebbings have been engaged for primary work. Miss McLellan, of Nova Scotia, has been engaged to fill the position formerly held by Miss McCarthy.

At the regular meeting of the board on Friday evening last, the minutes of last regular meeting and of several special meetings were read and approved, and the following accounts were passed for payment: Blaimore Enterprise \$32.00, G. N. Elwin \$3.85, Blaimore Hardware Co. \$3.80. W. A. Beebe was elected a committee of one to a range for the interior decoration of the school.

Applications of Misses Pinkney and McCarthy were withdrawn, and a choice will be made between Misses Neiley and Robertson for the position left vacant by Miss Pinkney, who has accepted a position on the staff at Hillcrest.

J. McPhail and Secretary Wright were appointed a committee to report on the prospects of securing a suitable room for primary work.

Chairman Hamilton and board members Chappell, Bartlett, McPhail and Beebe and Secretary Wright were present at the meeting.

## Regular Meeting of the Town Council

Recently Elected Councillors Sworn in. Communications Received. Accounts Passed. Secretary Granted Short Leave of Absence

The regular meeting of the Blaimore Town Council was held on Thursday night last, at which Messrs Beebe and Bartlett were sworn into office. There were present Mayor Ewan, Secretary Wright, and Councillors McDonald, Montalbetti, McLeod, Bartlett and Beebe.

The minutes of previous meeting were on motion approved as read, and the following accounts were passed for payment: Blaimore Hardware Co. \$36.95, Alberta Government Telephones \$9.33, R. Smallwood \$7.00, A. Morency \$23.50.

The Secretary was granted a two weeks' leave of absence, to be taken when most convenient.

A communication was received from the Department of Soldiers' Civil Re-establishment requesting deeds of grave plots of soldiers buried in the local cemetery. After looking up the terms of the cemetery grant, it was found that the council could not grant the request and the secretary was instructed to advise accordingly.

No other business, the council adjourned at 10.30.

## Making Loans to Keep South Schools Open

Realizing that the schools of the province of Alberta must be kept in operation, the Hon. G. P. Smith, minister of education, announces that an investigation will be undertaken immediately by the deputy minister of education, assisted by the chief inspectors in those areas mostly affected by the drought.

A very careful inquiry will be conducted during the next few weeks and detailed information will be laid before the department. A decision will then be made as to the exact nature and extent of the assistance which must be given. The government realizes the necessity of keeping the schools in operation and will do what is necessary to accomplish this result. The assistance will be in the form of advances to be repaid to the government later.

Mrs. E. Keith has moved to Calgary to reside. Miss Keith is spending a few weeks in Calgary and will return to Blaimore towards the end of the month to resume her duties as teacher at the local public school.

A very pretty and quiet wedding took place on Thursday afternoon, in the Institutional church, Coleman, the Rev. D. Allan officiating, when Mr. William Hutcheson and Mrs. Elizabeth Taylor, both of Hillcrest, were united in marriage. Mr. D. Hutcheson acted as best man and Miss Isabel Hutcheson as bridesmaid. The party motored back to Hillcrest after the ceremony.

Blaimore's Chautauqua will be exactly the same programme as staged in Edmonton, Calgary, Red Deer, Lethbridge, and Cranbrook.

Chautauqua promises to be a treat to the music lovers of this district this year. Twelve musical programmes in all will be presented, with a total of twenty-four artists appearing during the six days. The big musical feature rests in the coming of the White Hussars, a combined band and glee club. This splendid organization of nine talented young musicians has been one of the biggest circuits for several years.

## Summer Dress Goods

# May Not Hold Trial In London

London.—It is possible that former Emperor William may not be tried in London, according to an announcement made in the House of Lords by Earl Curzon, government leader in the upper house.

The Lords passed the peace treaty and the Anglo-French treaty through all stages. In the course of discussion, Viscount Bryce deprecated holding the trial of the former German Emperor in London.

Baron Buckmaster said there were grave reasons why the government ought not to pursue any further the project of trying the German war lord. It was certainly unfitting, he declared, to ask an English judge to sit on such a tribunal to administer a law he does not know by procedure and has never been defined, in a court he does not control.

In his reply, Earl Curzon said he thought the kaiser in exile no way comparable with Charles I. or Napoleon. He was unable to imagine that a man who ignominiously fled his country could be turned into a martyr or a hero by a trial, while his continued presence near the German border might be a political danger.

It might be, however, that the trial would be held in London. No final decision has been reached, and the chances of the trial becoming a spectacular show and disturbing public opinion and the daily national life were important considerations. Even if the trial were within the sphere of Britain, it by no means followed that London would be the place selected.

## Resume Trade With Germany

Traders of World Rush in With First Raising of the Allied Blockade

Berlin.—The first results of the raising of the blockade, says the Deutsche Allgemeine Zeitung, is the flooding of Cologne with foreign goods.

"French firms," the newspaper adds, "are offering hundreds of thousands of kilograms of cocoa powder, chocolate, coffee, fat, pork, tea, macaroni and toilet soap. German imports companies have been offered large quantities of corn starch and cocoa, hundreds of carloads of white beans and Chinese yellow peas, and raw coffee and chocolate in huge quantities."

"The American offers include bacon, olive oil, rubber coats, steam turbines, automobile machinery, various oils and vaseline."

"An Anglo-Japanese firm offers the direct importation of bronze, paraffin, resin, flax oil, shellac and soap."

Cutting Wheat Near Brandon  
Brandon.—Robert Roddick, farmer of Brandon Hills, is cutting wheat. He commenced on a field that was sown on April 14. It is said to be the finest crop since 1914. It is 30 years since wheat was cut in this particular district during July. Wheat fields in the Assiniboine River Valley are ripening fast.

Paris Honored Victim  
Paris.—Paris honored the memory of Sgt. Paul Mannheim, of the French army, who was murdered in Berlin on July 13. The burial of Sgt. Mannheim took place at the Pere La Chaise cemetery. Great crowds followed the funeral procession, in which President Poincaré and Premier Clemenceau were represented.

# Civilian Disturbances All Over England

London.—Civilian disturbances in different parts of the country have been as destructive as anything committed by the military. At Swindon gangs of youths and discharged imperial soldiers looted twenty business premises and burned the flagstaff outside the municipal buildings. At Luton, where the town hall was burned, further disturbances were quelled by police charges. Men and four women were arrested, and further arrests are imminent. At Coventry many shops were attacked; 40 persons were injured, some dangerously, and police assistance was sought from Birmingham. At Bilston the mobs tore down a wall and used the bricks as missiles against the police. Additional police were summoned from neighboring towns.

## Fatal Airplane Accident

Lieut. W. E. Cross and Wife of Aviator Kerr Instantly Killed

Portage La Prairie.—Lieut. W. E. Cross and Mrs. S. P. Kerr are dead and Lieut. S. P. Kerr, of the Veterans Airplane company, of Winnipeg, is in the Portage general hospital in a precarious condition as the result of a nose dive made by his machine about two miles north of this city. How the accident happened cannot be learned except from those who saw the machine come down, and they state that the engine stopped of a sudden, the nose of the machine turned earthward and it came down with a crash.

Lieut. Kerr and party arrived here from Winnipeg with their machine, and had arranged to proceed to the Brandon exhibition. They made an early start, but had some kind of trouble west of the city and were forced to land in a plowed field, necessitating assistance in getting out. Nothing more was heard of them until they were observed flying north of the city, heading evidently for the landing place used during the visit here exhibited. They were flying at an altitude of about 200 feet, when of a sudden the engine stopped and the plane came down on the farm of the Hôme for Incurables.

It is surmised that, flying close to the ground, Lieut. Kerr, who was running the machine, did not have time to straighten out before the crash came. The nose of the machine crashed into the ground and drove the engine in on top of Mrs. Kerr and Lt. Cross, who were in the front seat, and when taken out they were crushed almost beyond recognition.

When the machine struck, Lieut. Kerr, who was in the back seat looking after the control, bounced out and landed clear of the machine, but he was unconscious when picked up, and rushed to the hospital. Parts of the machine had to be torn away to get the bodies of Mrs. Kerr and Lieut. Cross out of the wreckage, but there was no sign of life, and they must have been instantly killed.

The machine was what is known as the L.W.F. war type, 145 horsepower, and has 48-foot wing span.

## Honorary Degree Recipients

Given to Leaders in War By Cambridge University

Cambridge, England.—General Sir Arthur Currie, commander of the Canadian forces, was among those who received the honorary degree of Doctor of Laws from Cambridge University. The ceremony took place in the senate house, which was crowded mostly with undergraduates dressed in military and naval uniforms for the occasion. The vice-chancellor of the university, Dr. Arthur E. Shipley, of Christ College, presided.

Among the various recipients of the degree were Admirals Sturdee and Wemyss, and Generals Rawlinson, Birdwood, Wilson, Herne, Monars, the Earl of Cavan and Gen. Pershing.

The vice-chancellor then entertained the party at luncheon in Christ College hall, to which they walked through the rain, the students following and cheering. Gen. Birdwood was carried shoulder high by the youths.

## Would Exclude Canadian Cattle

Fears Expressed in England That Animals Are Exposed to Diseases

London.—Farmers of England are opposing the efforts being made to remove the long-standing prohibition on the importation of Canadian stock cattle. The council of the chamber of agriculture has adopted a report urging that there be no relaxation in the restrictions, not because of disease which is admitted to be non-existent in Canada, but because Canada's extended frontier exposes her to constant danger from the U.S., where animal diseases are always present.

## Awaiting Proclamation Of Peace At Ottawa

Ottawa in Throes of Doubt as to When War Measures Act Expires

Ottawa.—Parliament will be in session again before the War Measures Act expires, and with it the race track betting, prohibition and other wartime orders-in-council passed under its provisions. Such is the understanding here, and was the understanding when parliament prorogued a fortnight ago. At that time the final complete text of the peace treaty with Germany had not been received in Ottawa, and therefore could not be submitted to parliament for ratification. Drafts as prepared had been received and changes made are cabled from Paris. It was not till the arrival at Ottawa of Hon. C. J. Doherty, who with Hon. A. L. Sifton signed the treaty for Canada, that the text as signed at Versailles was available. The understanding was that the British government when Sir Robert Borden left London was that there would be no proclamation of peace by Britain for some time, and at any rate not till the Canadian parliament had full opportunity to ratify.

Since then, however, greater necessity has apparently arisen in Great Britain for an early proclamation that a state of war no longer exists. It is understood that the government here is in communication with the imperial authorities on the subject and that stress is being laid on the necessity for full opportunity being given to the Dominion parliament for discussion of the treaty's terms before formal proclamation of peace by the King. Notice has already been given of a special session in the fall for ratification.

While the question has not been discussed in cabinet as yet, it is probable that the date of opening will be advanced a week or two to avoid any unnecessary delay. But that peace will be officially proclaimed before the Dominion parliament can be summoned is regarded here as extremely unlikely.

The point raised by Sir A. B. Aylesworth that the war time orders-in-council, notwithstanding their own provisions, will not be operative after expiry of the War Measures Act is generally conceded. A similar opinion was given by a committee of legal experts in Great Britain. With regard to orders-in-council passed under the Defence of the Realm Act.

It is pointed out that under the treaty with Germany peace cannot be proclaimed until after ratification by Germany and by three of the principal allied and associated powers. The principal allied and associated powers are decided in the treaty as U.S., British Empire, France, Italy and Japan. Ratification of the treaty with Germany alone is not regarded as being sufficient to end the war and the War Measures Act. There will be also need to be ratification of peace with Austria. Peace with Germany would be merely a partial peace. But whether ratifications of the peace with Bulgaria and Turkey first would be necessary is far from clear, although the War Measures Act is concerned is regarded as somewhat doubtful. There is little likelihood, in actual practice, of much difference in time between the proclamation of peace in Great Britain and its promulgation in Canada by the governor-general.

## Canadians Sentenced In England

End of Trial of Seven in Connection With Death of Espion

London.—At the Surrey assizes, Bugler Robert Todd and Private E. A. McAllan, of the Canadian Forestry Corps, were found not guilty of manslaughter in connection with the death of Police Sergeant Green at Espion and discharged on bail. H. Wilkie, 102nd Canadian Battalion; J. Connors, 113th Canadian Highlanders; A. McMaster, 3rd Canadian Reserve; and D. Yerex and A. Masse, of the Canadian Forestry Corps, were found guilty and sentenced to twelve months' imprisonment with hard labor.

## No Trace of Nipigon Man

Fort William, Ont.—Another day's search for the second man implicated in the murder of Constable Armstrong at Nipigon is at large. Apparently there has been no sign of him, although the search of Inspector Symons, Sergeant Burleigh and members of the local police forces, Mounted Police, Dominion police and railway police, has been ceaseless in the vigilance for him and are still scouring the woods between Port Arthur and Wild Goose Point.

W. N. U. 1274

## Strikers On Trial At Winnipeg

Winnipeg Strikers Leaders Laugh at Evidence Tended on Conspiracy

Winnipeg.—A secret service whose ramifications extended even into the carefully-guarded precincts of the labor temple was named as the source of evidence of an actual revolution by Sergeant A. E. Reames, chief of the Manitoba Royal Northwest Mounted Police secret service, at the preliminary trial of eight labor leaders charged with seditious conspiracy.

The accused, R. B. Russell, W. M. Ivens, W. A. Frithard, R. J. Johns, Aldermen A. A. Heaps and John Queen, George Armstrong and R. E. Bray, maintained the attitude they adopted at the first sessions; they laughed outright at some of the evidence and continually passed laughing whistles.

"Reports I have from reliable agents were to the effect that there was a revolution in the making," Sgt. Reames declared, under cross-examination by E. J. Murray. He reiterated quotations from speeches by Wm. Ivens and Geo. Armstrong which counseled revolution. He said he believed the speeches were contributory to the general strike. "I was not surprised that the strike would be peaceful at first," he said. "It would have remained so if the strike committee could have retained control of everything in the city under the labor temple permit system. The want of discipline to the government, comment upon the great success of Premier Clemenceau when he won a vote of confidence in the chamber of deputies. Some papers make the point that the result shows the vote in which the government was in the minority, was not aimed at the government, but was intended to obtain a more energetic policy designed to end the high cost of living, which, it was declared, threatened to paralyze the country. The papers express pleasure that Premier Clemenceau had pledged himself to consult the country soon, through the coming elections."

## Political Landslide In Prince Edward Island

Charlottetown, P.E.I.—Liberals swept the province in the general elections, capturing 26 seats out of 30.

The only Conservative survivors of the debacle were Hon. Arsenault, premier; Hon. James A. McNeill, commissioner of public works, and R. Murtagh, secretary without portfolio, and J. D. Stewart McKinnon, commissioner of agriculture, was defeated.

This was the most one-sided election since Confederation, with the exception of 1911, when the Liberals won only two seats. When the house dissolved, the parties stood: Conservatives, 18; Liberals, 11; and one seat vacant.

Liberals elected are: Bell, Le Gallant, McNeill, Sanders, Dennis, McLean, MacArthur, Crosby Hughes, LePage, Brodie, D. MacDonald, Nash, Irving, Higgs, Duffy, D. G. MacDonald, Acorn, Co. McIntyre, Johnston, Dewar, Sutherland, Butler and Heslop.

Such a sweeping victory was unexpected by both sides, although the result of the federal elections, when four Liberals got a majority of home votes, afterwards changed by the soldiers' votes, forewarned a Conservative defeat. The returned soldiers did not take an active part in the contest, but it is evident that a majority voted Liberal. Fine weather brought out a large vote. There was a big turnover in Charlottetown, the Liberals capturing both seats by large majorities, labor going with the opposition.

Dissatisfaction with the administration of the public works department, especially the neglect of roads, with the administration of the agricultural department, and with the proposal of the government to levy additional taxation told against the Conservatives. "People also looked with disfavor upon the highway bill, fearing that payment of the sixty per cent. asked for by the federal government would be too heavy a burden."

The French government has conferred the Médaille Militaire, its highest decoration for an enlisted man, on a negro corporal of the 272nd Infantry, who was formerly a waiter in a Boston restaurant. Herein, as the war has abundantly shown, has nothing to do with race, color or previous condition of servitude.

# Serious Disorders In Upper Egypt

## Lenine Wants Peace With Rumania

Makes Concessions for Armistice, But Ties Serious String to Proposal

London.—A Bolshevik delegation has arrived at Kishinev with an offer of peace to the commander of the Rumanian troops on behalf of Nikolai Lenine, the Bolshevik premier, according to a Berlin government wireless dispatch.

Lenine offers to cede Bessarabia to the Rumanians, provided that Rumania shall prohibit Ukrainian citizens and bands of Admiral Kolchak, head of the all-Russian government at Omsk, from crossing the Rumanian frontier.

According to last eight days has been concluded on the Bessarabian front, and the delegation has gone to Rumanian headquarters.

## Victory For Clemenceau

Great Success of Premier Clemenceau When He Won a Vote of Confidence

Paris.—All newspapers, excepting the distinctly hostile to the government, comment upon the great success of Premier Clemenceau when he won a vote of confidence in the chamber of deputies. Some papers make the point that the result shows the vote in which the government was in the minority, was not aimed at the government, but was intended to obtain a more energetic policy designed to end the high cost of living, which, it was declared, threatened to paralyze the country. The papers express pleasure that Premier Clemenceau had pledged himself to consult the country soon, through the coming elections.

## Prince To Visit White House

British Heir-Apparent Invited to Be Guest of United States Government

London.—The Prince of Wales will reach the U.S. next month as the guest of the U.S. government. King George, on behalf of the Prince, has accepted an invitation sent by the President in Washington.

After his visit to Canada, the Prince will go to Washington for a few days as a guest of the United States government and later will make a brief visit to New York, where he will live on board the British battleship Renown in New York harbor, although still a guest of the government.

## King to Unveil Montreal Statue

Montreal.—King George has consented to unveil the memorial here to Sir Etienne Cartier by pressing a button at Balmoral. The Duke of Connaught called E. W. Wilton, president of the Cartier centenary, of which the former Governor-General was a patron, that His Majesty would unveil the statue by this method on September 6, the anniversary of Cartier's birthday. A wire will be run from Balmoral to connect with the Atlantic and Canadian cable lines, thus forming a direct electrical connection.

# Trading In Titles Is Charge Made

London.—The tender spot in British political life today is the disposition of titles. These are awarded, of course, by the King, but on the nomination of the Prime Minister, and the criticism of reformers is that since 1910 one member of parliament has rejected an offer of a title in return for a cash payment to party funds, and that the father of a member of the House of Commons was offered a baronetcy for £25,000.

He charged also that a member of parliament who was created a peer after the beginning of the war, subscribed shortly afterward a very large sum of money to a newspaper that supports the Premier.

He mentions also instances in which he says titles were granted to a politician of so notorious a character as to be regarded as unfit to be a candidate for parliament to an other politician regarded as unscrupulous, and to a third man "previously involved in a notorious social scandal."

## Germany Would Be Friends With Neighbors

Advances Along Path in Expectation of Revision of Peace Treaty

Weimar.—Dr. Hermann Mueller, minister of foreign affairs, speaking before the national assembly, urged the carrying out of the peace treaty to the utmost, while working also for its revision. He advocated also the friendliest disposition towards Belgium by real sacrifices, thus paving the way for an understanding with the Belgian neighbor nations.

Dr. Mueller favored non-intervention in Russia and an effort to promote friendly relations with Poland and Czechoslovakia, while not forgetting Germany's former allies, Bulgaria and Turkey.

## Priests Must Pay

Kingston, Ont.—Judge Lavell has issued an attaching order to twelve Roman Catholic clergymen in the Kingston archdiocese for the "Cathedral," the ten per cent. of the revenue of a parish priest which is payable to Archbishop Spratt from the respective parishes of these men. This step is being taken to realize under the judgment obtained by Spratt and Sister Margaret, of the House of Providence, for the sum of \$20,000.

## German Must Surrender Livestock

Paris.—Germany will have to surrender to France 500,000 storks, 3,000,000,000 milk cows, 100,000 sheep and 10,000 goats, according to a report made to the French peace commission sitting under the presidency of Rene Viviani, by M. Dubois, economic expert for the commission, in commenting on the peace treaty clauses.

Two hundred stallions, 5,000 mares, 5,000 fillies, 50,000 cows and 4,000 heifers were also to go to Belgium from Germany. The deliveries are to be made monthly during a period of three months until completed.

## Our State-Owned Ships

Ottawa.—By the end of this year the government will have twenty ships with a total net tonnage of 110,000 tons operating in the North Atlantic and West Indian trade. The voyages made by the seven steamers already in commission have been very profitable.

**Auto Top Dressing**

### Army Deserting Bela Kun

Straggling Back From Fronts With Lack of Discipline

Paris.—Dispatches from Budapest indicate that general demoralization has struck Bela Kun's army, which is straggling back from the different fronts with utter lack of discipline. The breakdown in the spirit of the troops is attributed to discontinuation of the fighting against the Czechs and the Romanians in consequence of an armistice, and to the heavy increase of the well-drilled loyal army of 60,000 to more than 125,000 men.

For Sprains and Bruises.—There is nothing better for sprains and contusions than Dr. Thomas' Electric Oil. It will reduce the swelling that follows a sprain, will cool the inflamed flesh and draw the pain as if by magic. It will take the ache out of a bruise and prevent the flesh from discoloring. It seems as if there was magic in it, so speedily does the injury disappear under treatment.

### No War Of Revenge

Bernstorff Says That Huns Are Now Thoroughly Tamed

Berlin.—Count von Bernstorff, speaking at a Democratic party meeting, said Germany must never forget that a world policy such as was engineered before the war has become impossible. "Whoever lives in Germany," he said, "knows that we neither want nor can we conduct a war of revenge."

Count von Bernstorff asserted that while the League of Nations was regarded in Germany as a holy alliance aimed at Germany, and that without Germany, Austria and Russia it would be a mere fiasco, it will resume its real function when Germany enters it, of combining all the people's energies.

## CLARK'S PORK AND BEANS WITH TOMATO CHILI OR PLAIN SAUCE ARE A TREAT

THIS IS GUARANTEED ON THE TIN AS A GUARANTEE OF PURITY.

W. N. CLARK

### Germany Must Start Work Repairing France

Must Introduce Measures for Compulsory Work, if Necessary

Berlin.—Allied representatives have told the German delegates at Versailles, it is reported here in government circles, that Germany must be prepared to introduce measures for compulsory work, if necessary. This, it was said, was intended as a means of bringing about prompt execution of the reparations work in northern France, utilizing troops and a half million civilian laborers. Officers here said the allied conferences on this subject were conducted in a friendly spirit. These officials agreed that Germany has a problem in hq. labor troubles.

Betting Still Under Prohibition

Ottawa.—No modification has yet been made of the order-in-council prohibiting race track betting, but representations have from time to time been urging modification. Unless rescinded, the order-in-council will remain in force till peace is formally proclaimed. This will follow ratification of the peace treaty.

The Man With A Thousand Longs for death to end his suffering. He sees ahead only years of endless torment with intervals of rest which are themselves fraught with never ceasing fear of renewed attacks. Let him turn to Dr. J. D. Kellogg's Asthma Remedy and know what complete relief it can give. Let him but use it faithfully and he will find his asthma a thing of the past.

### Decree Issued On Rule In Tripoli

Giving to the Natives Equal Rights With Italians

Washington, District of Columbia.—The Italian government has promulgated a decree giving to the natives of Tripoli equal rights with Italians, while maintaining their special rights and religious and social customs.

The decree also gives reasonable administrative autonomy, notably by means of a small local parliament deliberative and elected, side by side with the governor and composed of citizens of all religions. This parliament has full powers with regard to local laws, direct taxation and administrative provisions.

A government council, presided over by the governor and made up of government officials, and members elected by the local parliament, expresses its opinion as to the choice of officials, which the governor appoints direct to the post of regional commissioner, delegate for a locality and district agent. Deliberative and elective councils help these officials in the administration of regions, localities and districts. The municipal authorities also comprise representatives of the population.

Members of all religions are to have a notable part in the administration of justice.

Minard's Liniment Cures Colds, Etc.

Quality of French Beer

A soldier was telling his friends of his experiences out in France, and among other things they discussed was the difference between the beers of the respective countries.

"Well," said the soldier at last, "my idea is that drinking one of those French beers is about like kissing your sister."

There is no telling what a day may bring forth. A man may be happy today and married tomorrow.

### British Building Gigantic Dirigible

One That Will Carry Equipment of Air Planes

Washington.—Word reached the air experts of the United States government that the British government has begun the construction of the largest dirigible that has yet been undertaken in the world, one that will carry an equipment of six airplanes. Providing Recreation Facilities

Realizing the necessity of providing citizens and especially children, with proper recreation facilities, the city of Winnipeg, Manitoba, plans to spend this year \$209,469 on these erections. Approximately \$119,311 will be spent for park purposes and probably \$15,000 will be set aside for band concerts in the parks.

In addition \$62,062 will be spent on baths, or \$17,000 more than last year. An appropriation of \$28,896 is planned for the playgrounds.

Winnipeg possesses some of the most beautiful parks to be found anywhere in a city of its size.

Stated the Fact

Doctor: And has your husband had any lucid intervals, Mrs. Smith? "Mrs. Smith: 'Ea, 'ad nothin' except what you offered him, doctor."

I bought a horse with a supposedly incurable ringbone for \$30. Cured him with \$1.00 worth of MINARD'S LINIMENT and sold him for \$85.00. Profit on Liniment, \$54.

MOISE DEROSCE, Hotel Keeper, St. Philippe, Que.

### Italy May Lean On Germany

Will Look Upon Teutons As Their Staunchest Friends

New York.—There is a certain element of danger that the attitude of the allies will lead to close relations between Germany and Italy, that the latter country will come to look upon the Teutons as their staunchest friends, in the opinion of Thomas Nelson Page, who has just returned from Rome.

"If I do not mean by this," Page said, "there there is a possibility of an alliance between the countries. I do not think there is. But Italy needs coal and raw materials of various sorts for her industries. Germany supplied a great part of them before the war and is making preparations to do it again. She will spend money developing Italian industries and will edge her way into favor."

Increase Appropriation for Wounded

Washington.—Amended to provide \$14,000,000 instead of \$6,000,000 for the rehabilitation of wounded soldiers, sailors and marines, the sundry civil appropriation bill, which was vetoed by the President, was passed by the house and sent to the senate.

A speech made at a banquet is called a toast because of the dryness thereof.

Catarhal Deafness Cannot Be Cured

by local applications as they cannot reach the diseased surface. There is only one way to cure Catarhal Deafness, and that is by the use of HALL'S CATARRH MEDICINE, sent through the blood on the mucous surface. When the inflamed condition of the mucous lining of the Eustachian Tube, when it is inflamed you have a running sound or imperfect hearing, and when it is cured, Deafness is the result. Unless the inflammation can be reduced and the tube restored to its normal condition, hearing may be destroyed for ever. Many cases of Deafness are caused by Catarrh, which is an inflamed condition of the mucous lining of the Eustachian Tube that cannot be cured by HALL'S CATARRH MEDICINE.

### Flying In India

Mail Service From India to Australia Being Considered

Great progress is being made in aviation in India. The government has under consideration a plan to establish an aerial mail service between Bombay, on the east coast, and Rangoon, in Burma. A further service from India to Australia is also being considered.

In August of last year Brig-Gen. A. E. Borton and Capt. Ross Smith flew from England to Palestine, and, after the signing of the armistice, proceeded from Palestine to India. Later they returned to England, and afterwards flew from England to India. So far as actual flying time is concerned, they did the journey in 72 hours.

He: "I dreamt I proposed to a pretty girl last night."

She: "Go on. What did I say?"

It is almost as easy to pick the wrong woman for a wife as it is to pick the wrong horse in a race.

### British Columbia's Oil Prospects

To Make Examination of Alberta's Possibilities

Edmonton, Alta.—Prof. J. C. Gillin, of the mining engineering department of the Queen's University, Kingston, has undertaken to make for the British Columbia government a survey of the western Peace River district at the headwaters of the Peace River, and with a party has gone north for this purpose. The particular object of the survey is to ascertain the oil possibilities of that region. There is a belief among geologists and prospectors, that the country has petroleum as well as the Alberta section, and Professor Gillin's work will be to investigate the lay of the land and make a report to the coast government. The professor had undertaken this survey before being requested by the Alberta government to make an examination of Alberta's iron possibilities.

For the purpose of furnishing a complete geological map of the country through which the Smoky and Little Smoky rivers flow, Prof. F. H. McLaren, of the Canadian geological survey, has gone north with a party of four men, to carry to a conclusion the work commenced last summer.

General Allenby Honored

London.—General H. E. Allenby, commander of the British forces in Palestine that took Jerusalem in 1917, is one of a large number of British officers awarded the United States Distinguished Service Medal, according to a list published in the official gazette.

When a girl thinks a young man is almost good enough for her, she is sure to think he is too good for any other girl.

### CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly, especially during the summer months, and unless prompt action is taken little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels, soothe the stomach and thus prevent all the dreaded summer complaints. They are an absolutely safe medicine, being guaranteed by a government analyst to contain no opiates or narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by all druggists, or by mail for 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Salvage Hun Ships in Scapa Flow

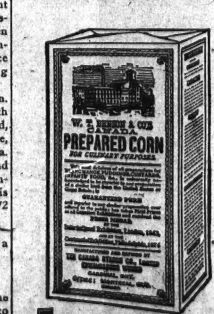

London.—The British Admiralty has placed contracts for salvage of the German warships sunk by their crews in Scapa Flow. It was learned. It was said that "satisfactory results" were expected.

A small man's shadow is just as black as that of a great man.

For years Mother Graves' Worm Exterminator has ranked as the most effective preparation manufactured, and it always maintains its reputation for its own protection against heavier than air craft. The dirigible and the two hangers to be built for it will cost \$9,000,000, according to information reaching military here. It will have a capacity of 10,000 cubic feet, will be 1,100 feet long, 137 feet in diameter, and capable of lifting 100 tons, which would be more than double the lifting capacity of R-34, which has just made a round trip voyage across the Atlantic.

The cruising radius of the new dirigible, which will be finished in 18 to 20 months, is given as 16,000 miles, and could, it is claimed, easily undertake the voyage from England to Australia.

### Saskatchewan Land Inquiries

Saskatchewan Land Settlement Association Doing Good Work

Regina, Sask.—Much advertising is being given this province in the United States as the result of the work of the Saskatchewan Land Settlement Association, formed at the instigation of the Dominion Department of Immigration recently for the purpose of handling inquiries concerning farm lands received by the offices of the Canadian immigration authorities in the United States. During the past month 6,000 letters have been received by the association and distributed among the members, who under the provisions of the by-laws must answer the inquiries fully. From the nature of the letters—received it is stated by the secretary of the association that conditions in this province are quite imperfectly understood in the United States.

Minard's Liniment Cures Diphtheria

Large Sums For Stockyards Improvements

Between \$250,000 and \$300,000 is to be spent this year in improving and enlarging the Alberta Stock Yards at Calgary. The yards are to be paved, sewerage put in, and the whole of the older portion modernized as much as possible. Other improvements and extensions will be made from time to time as it is the intention that the stockyards shall be kept thoroughly abreast of the times, and the live stock business is constantly increasing.

The colonel beckoned to his orderly.

"Smith, I wish you'd ride into the town and get the correct time."

"Why, sir," Smith hesitated. "I haven't got a watch."

"A watch, a watch!" roared the colonel. "What in the name of sense do you want a watch for? Write it down on a piece of paper, man."

### Irrigation Is Unprofitable

Rainfall Farming And Irrigation Farming Compared.

Our modern knowledge teaches that there is no essential difference between rain-fall farming and irrigation-farming, except in the manner in which water is applied to the soil," says Widoe, in Principles of Irrigation Practice. "Every argument against the permanency of irrigation farming may be urged against rainfall farming; and every argument for the permanency of rainfall farming may be used with equal force on behalf of irrigation farming. The everlasting relationships among soil, water and plants are the same over the whole of the earth. The great water factor may be controlled, and thereby greater power for good or for evil is possessed by the farmer under the ditch."

In Alberta both rainfall farming and irrigation farming are successfully practised. The central and northern portions of the province usually have sufficient moisture every year to produce good crops; in parts of the south the rainfall cannot be relied upon in sufficient quantities every season to grow satisfactory crops, but where the natural rainfall may be supplemented by irrigation profitable crops can be and are being raised every year, for the conditions are ideal.

Judge (severely): "How can you be so mean as to swindle people who put confidence in you?"

Prisoner: "Well, your honor, they are the only sort that you can swindle."

An artificial kiss is the kind one woman inflicts on another.

## Calgary Stampede to Be Best Yet Held

The pioneer days of the "last best west" in every detail will be mirrored in Calgary from August 25th to 30th. At the greatest victory celebration which will be held in Canada, the Stampede. As this is to be a jubilation in honor of the home-coming of our victorious heroes, the Stampede will take the form of a great reunion of western pioneers of both the Canadian and American west.

In order to carry out the intention to make this the greatest celebration of its kind ever held on the continent, a committee known as the "Big Four", with George Lane chairman, P. Burns, A. E. Cross and Hon. A. J. McLean, has been formed to take charge of the financial end of the undertaking, while E. L. Richardson is acting as treasurer. The general manager is Guy Weadick, who will be responsible for the engineering of the eminently successful Stampede held in Calgary during the boom time of 1912.

No particular has been neglected to ensure the entire success of the Stampede, special arrangements being made for the accommodation of the thousands of visitors who will throng to Calgary for that week. Agreements have been signed by many hotel and restaurant proprietors guaranteeing that there will be no increase in prices to Stampede guests, but that beds and meals will be provided at the regular rates. At the majority of celebrations of this kind out-of-town patrons are charged exorbitant prices for accommodation, but the "Big Four" made this one of the stipulations upon which they would go into the affair, that there should be no "sting" at the Stampede in Calgary. This guarantee was forthcoming, and the Kiwanis Club, an organization of prominent business men, has undertaken to conduct an accommodation bureau during Stampede week and will have some of its own members in attendance during the entire six days to take care of outside visitors.

A price list as extensive as the one being offered in Calgary has never before been offered at a similar celebration, giving, as it does, \$25,000.00 in cash prizes alone for the best riders, ropers and so forth.

An important feature of it is Stampede is the fact that all profits will go to the Great War Veterans' Association, the Y. M. C. A. and Salvation Army.

From August 25-30th, Calgary will be the greatest "Cow-town" on the continent and will be the meeting place of the ranchers and city residents from the Atlantic to the Pacific and north and south of the International boundary.

### Make Reservations For Industrial Congress

Reservations are now being made at  
the headquarters of forthcoming Alberta  
Industrial Congress for the special train  
which is to leave Medicine Hat on the  
evening of August 11, for the Grand  
Theatre, Calgary, where congress ses-  
sions take place, and for hotel accommo-  
dation at Medicine Hat, Calgary and  
Edmonton. There is no cost attached  
to the attendance at congress sessions in  
Calgary and reservations are made for all  
who apply by letter or wire.

The congress sessions will take place at  
Calgary in the week of August 11-16.  
The Edmonton session of the congress  
promises to be an interesting feature and  
at the capital city the premier and gov-  
ernment members will give a reception.  
The congress will conclude with a trip  
into the Rockies at the end of the week.  
Several hundred reservations have al-  
ready been made for the theatre sessions  
and a slightly lesser number for the spec-  
ial trains. Several parties of American  
Industrial leaders will accompany the  
special train in a private car.

### Disposal of Deceased Soldiers' Effects

One of the interesting features in the  
work of the Alberta returned soldiers'  
commission has been the disposal of de-  
ceased soldiers' effects.

The Alberta battalions had in their  
ranks a majority of men from the Brit-  
ish Isles. A great number of these men  
were unmarried, without next of kin in  
Canada. During the early stages of the  
war these men were the first to enlist,  
not having relatives in Canada they  
packed their civilian possessions in  
trunks and boxes leaving them, with  
friends or acquaintances until their re-  
turn, but many will never return having  
given their lives for the Mother Country.  
These trunks and boxes, in the vast num-  
ber of cases are still in Alberta, and  
owing to the deceased soldier not having  
left the address of his next of kin with  
the person keeping the effects their proper  
disposal becomes a difficult problem.

The records of the A. R. S. C. show  
some interesting cases:

The case of Private S— is one in  
point; as trunk was left with a family in  
Calgary, it later being handed to the  
A. R. S. C. for disposal, no record of the  
regimental number of the deceased sol-  
dier was to be found, but on examining  
the trunk and its contents a number of  
photographs were discovered, by a mere  
co-incidence one was of a young lady  
with her name on the back of the snap-  
shot. The picture was taken on the  
platform of a railway station in Scotland.  
In the background of the photograph  
was a lamp post bearing the name of the  
station. A letter was immediately sent  
to the young lady addressed to the town  
shown in the snapshot. A reply was re-  
ceived giving full particulars of Private  
S—, enabling the office to dispatch the  
trunk, through the military authorities  
to the next of kin in Scotland.

Another case of interest was that of  
Private D—.

No record of a regimental number was  
to be found, but the trunk contained a  
number of letters from Blackpool, Eng-  
land; three letters were selected, each  
being signed by a young lady's christian  
name only, but, fortunately, the letters  
were headed by an address. Letters  
were sent to them bearing the christian  
name of the young lady. In all three  
cases replies were received giving par-  
ticulars of Private D—, sufficient to  
send the trunk to his mother overseas.

A similar case to that of Private D—  
was that of Private L—.

Upon writing to an address in Eng-  
land giving the christian name only a re-  
ply was received from the deceased sol-  
dier's sister.

Another case was that of Corp. S—,  
a book giving the clue. The book was  
apparently presented by a friend and the  
ly had contained the giver's name and  
address, through this address the effects  
were sent to his home in the Old Coun-  
try.

The estate branch of the A. R. S. C.  
has since its inception probated approxi-  
mately 1000 wills for the estates of de-  
ceased soldiers.

Persons having or knowing of effects  
and papers of deceased soldiers are re-  
quested to communicate with the Asis-  
tant Secretary of the A. R. S. C., 214  
Beveridge Bldg., Calgary, Alta.

The Manitoba government will  
buy 25,000 head of Alberta cattle to  
relieve farmers in the drought  
areas of this province.

DR. WILLIAM RADER,  
Author-Journalist, Lecturer—Opening  
Night of Chautauqua.

Dr. William Rader is one of the no-  
table figures of the Chautauqua lecture  
staff this year. No less an authority  
than Peter Clarke McFarland in Col-  
lier's Weekly ranked him as one of the  
twelve great speakers of the country.  
He has won distinction as an author,  
lecturer and journalist. When on the  
editorial staff of the San Francisco Bul-  
letin he was closely identified with Fran-  
cis J. Hiney, Detective Burns, Governor  
Johnson and Fremont Older in the  
breaking up of the "graft ring." Of  
late Dr. Rader has been on the editorial  
staff of the Philadelphia Public Ledger.

### The Great Guns of Old England.

(Lord Dunsany, in the Saturday Review.)

The great guns of England, they listen  
and on sale.  
To the hosts of a broken War-Lord;  
they lift their throats and smile,  
and the old woods are fallen  
For a while.

The old woods are fallen; yet will they  
come again.

They will come back some springtime  
with the warm winds and the rain,  
For nature guardeth her children  
Never in vain.

They will come back some season; it  
may be a hundred years;  
It is all one to nature with the centuries  
that are here.

She shall bring back her children  
And dry all their tears.

But the tears of a would-be War-Lord  
shall never cease to flow.

He shall weep for the poisoned armies  
whenever the gas winds blow.

He shall always weep for his wid-  
ows.

And all hell shall know.

The team of the pitiless Kaiser, shallow  
they'll flow and wide.

Wide as the desolation made by his silly  
pride.

When he slaughtered a little people  
To stab France in her side.

Over the matted clinders they shall flow  
on and on.

With the endless falling of streams that  
find not Oblivion.

For ages and ages of years  
Till the last star is gone.

### Sale of Beer and Wine Moderationist Platform

Following is the platform of the Al-  
berta Moderation League, as adopted at  
a recent meeting held in Calgary:

1. That there shall be no change in  
the present system with regard to bars,  
which means that no alcoholic beverages  
shall be sold over any bar.

2. That government stores for the  
sale of liquor shall be opened in various  
places, and in such numbers as may be  
necessary in accordance with the require-  
ments of various districts.

3. In such stores liquor shall not be  
consumed upon the premises.

4. Such stores shall sell beer, stout,  
ale and light wines with reasonable limi-  
tations as to hours of business and under  
strict control of government.

5. The drinking of intoxicating liquors  
in public places shall be strictly prohi-  
bited, and heavy penalties provided in  
case of breach.

6. The government to be responsible  
that all beverages sold in the govern-  
ment stores shall be of a high and ap-  
proved standard, and that the prices  
shall be reasonable.

The following clauses from the British  
Columbia platform were rejected:

Such stores shall also sell spirits and  
heavy wines subject to the like limita-  
tions and controls, but these shall be sold  
only to persons holding a permit.

Permits to purchase spirits and heavy  
wines shall be issued to all persons over  
21 years requiring the same, upon a pay-  
ment of such small annual fee as may be  
fixed, such permits to be subject to sus-  
pension or cancellation for offences under  
the act, and to be non-transferable.

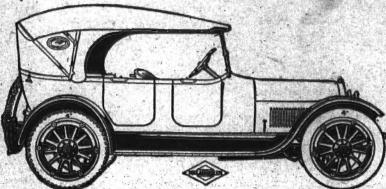

No spirits or heavy wines shall be sold  
by any person unless on production of his  
own permit.

Sale of intoxicants by any person other  
than the government vendors to be sub-  
ject, as in the present act, to very severe

### Lieut. Bruno Roselli.

Lieutenant Bruno Roselli, Chevalier of  
the Order of the Crown of Italy, soldier,  
author and lecturer, comes to Chautau-  
qua on the fifth night with one of the  
most brilliant lectures of the week. For  
two years Lieut. Roselli was in the heav-  
iest fighting on the Italian front, from  
the trenches 10,000 feet above sea level  
on the Dolomite Alps to the trenches in  
Venice, three feet below the level of the  
Adriatic. A year ago the Italian gov-  
ernment sent him to the western contin-  
ent to acquaint us with the desperate  
condition in Italy at that time. He has  
spoken to over a million Americans in  
the past year. Since November he has  
been presenting the problems of recon-  
struction. His subject at Chautauqua is  
one of compelling interest: "Italy's New  
Place Among the Nations."

penalties. Drunkenness to constitute  
an offence and to be followed by suspen-  
sion or loss of permit, in addition to  
any other penalty.

The war has cost the United  
States \$90,177,000,000.00.

### Local Representative Wanted For "Canada's Greatest Nurseries"

To sell our list of hardy Nursery  
stock. Largest list of hardy  
varieties, tested and recom-  
mended by Western Experimen-  
tal Stations, including

Fruit Trees,  
Small Fruits,

## Cures Constipation In A Sensible Way

They Work While You Sleep—Cost Only a Quarter—And Really Bring Lasting Results

It only takes one night to prove the wonder-working power of Dr. Hamilton's Pills. They are the smoothest, easiest acting laxative yet devised, the kind that a child or delicate woman can use with comfort. You can cure constiveness quickly, safely and with Dr. Hamilton's Pills. Headaches you can banish for all time. Impaired digestion you can promptly restore. Loss of appetite is replaced by a keen desire to eat. The blood is enriched and reddened, in consequence you are given new strength and vigor. Folks who are half sick, sort of run down, lacking in spirits and energy, those who find day-to-day existence a mind and body—these are the people who can be restored by Hamilton's Pills to vigorous health, that will outlast old age. Buy 25 boxes of Hamilton's Pills today. Sold everywhere.

## THE COW PUNCHER

—BY— ROBERT J. C. STEAD

Copyrighted. Printed by special arrangement with Thos. Allen, Toronto.

(Continued.)

"Well, I'm not wet, except for a little splashing," she said, "and you are. Does anything occur to you?" Without reply he walked steadily into the cold water, took her in his arms and carried her ashore. The larrikin was soon repaired and the car hauled to the ranch buildings without further mishap.

Later in the day he said to her, "Can you ride?" "Some," she answered. "I have ridden city horses, but don't know about these ranch animals. You know, a city horse has to do as he is told, but a ranch horse seems to do exactly what he likes. But I would like to try a ranch horse."

"But I have an extra saddle," he said. "But it's a man's. . . . They all ride that way here."

She made no answer, and the subject was dropped for the time. But the next morning she saw Dave ride away, leading a horse by his side. He did not return until evening, but when he came the idle horse carried a saddle.

"It's a straddle-legger," he said when he drew up beside Irene, "but it's a girl's. I couldn't find anything else in the whole diggin'."

"I'm sure it will do splendidly—if I can just stick on," she replied. But another problem was already in her mind. It apparently had not occurred to Dave that women require special clothing for riding, especially if it's a "straddle-legger." She opened her lips to mention this, then closed them again. He had been so good trouble on her account. He had already spent a whole day scouring the country for a saddle. . . . She would manage some way.

Late that night she was busy with scissors and needle.

### CHAPTER THREE

Dr. Hardy recovered from his injuries as rapidly as could be expected, and, while he chafed somewhat over spending his holidays under such circumstances, the time passed not unhappily. Had he sought the world over for a haven from the intrusion of business or professional cares he could have found it nowhere in greater perfection than in the foothill country centering about the Elden ranch. Here was an Arcadia where one might well return to the simple life; a little bay of still water sheltered from the onrushing tide of affairs by the warm brown granite cliffs, and the white-bosomed mountains towering through their draperies of blue-purple mist. It was life as far removed from his accustomed circles as if he had been suddenly spirited to a different planet. Life without the crowd and jostle and haste and anxiety and despair that are called life; but the doctor wondered if, after all, it did not come nearer to filling the measure of experience—which is life. A considerable acquaintance had

had sprung up between him and the senior Elden. The rancher had come from the east fort, years before, but in turning over their memories the two men found many links of association; third persons known to them both; places, even streets and houses common to their feet in early manhood; events of local history which each could recall, although from different angles. And Elden's life in the west had been a treasury of experience, in which he now dipped for the first time in years, regarding his guest with tales of the open range long before barbed wire had stuck its poisoned fang into the heart of the rangeland; tales of horse stealing and cattle rustling, with glimpses of sudden justice unrecorded in the official documents of the territory; of wily key-running and excess and of those large adventures that drink the red blood of the wilderness. In his grizzled head and stooping frame he carried more experiences than would fill a dozen well-rounded city lives, and he had the story-teller's art which comes to spoil dramatic effect by too strict adherence to fact. But over the play of his lips he kept the caution resolutely down. No ray of conversation would be admitted into the more personal affairs of his heart, or of the woman who had been his wife, and even when the talk turned on the boy he quickly withdrew it to another topic, as though the subject were dangerous or distasteful. But once, after a long silence following such a diversion, had he betrayed himself into a whispered remark, an outburst, a warning rather than a communication. "I've been alone so much," he said. "It seems I have never been anything but alone. And—sooner or later—it gets you—it gets you."

"You have the boy?" ventured the doctor. "No," he answered, almost fiercely. "That would be different. I could stand it then. But I haven't got him, and I can't get him. He despises me in this house. I walk like a shadow rather than a communication. 'I've been alone so much,' he said. 'It seems I have never been anything but alone. And—sooner or later—it gets you—it gets you.'"

"You have the boy?" ventured the doctor. "No," he answered, almost fiercely. "That would be different. I could stand it then. But I haven't got him, and I can't get him. He despises me in this house. I walk like a shadow rather than a communication. 'I've been alone so much,' he said. 'It seems I have never been anything but alone. And—sooner or later—it gets you—it gets you.'"

"You will be going away before long," he said at length. "Yes," he answered. "He has had a good holiday, even with his broken leg. He is looking over so much better. 'You will be going away before long,' he said at length. 'Yes,' he answered, soberly, and waited."

"Things about here ain't gone to be the same after you're gone," he went on. He was avoiding her eyes and audaciously throwing his crumpled rock into the canyon. He wore no coat, and the neck of his shirt was open, for the day was warm. Had he caught her side-long glances even his slow, self-deprecating mind must have noted the admission. But he kept his eyes fixed on the green water.

"You see," he said, "before you came it was different. I didn't know what I was missing, nor so it didn't matter. Not but what I was conscious of it at times, but still I thought I was livin'—thought this was life, and, of course, now I know it ain't. At least, it won't be after you're gone."

"That's strange," she said, not in direct answer to his remark, but as a soliloquy on it as she turned it over in her mind. "This life, now, seems empty to you. All my old life seems empty to me. This seems to me the real life, out here in the foothills, with the trees, and the mountains, and our horses, you know."

## LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poisoning, now you can get rid of them. You can use a drug called Freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of the drug will cure very little at all of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callous.

You are further warned that cutting at a corn is a suicidal habit. Unfailing insight. He had no knowledge of books, and he had at first thought him ignorant, but as the days went by she had found in him a mine of wisdom which shamed her ready-made education.

After such a ride they one day dismounted in a grassy opening among the trees that bordered a mountain canyon. The waters of ages had chiseled a sharp passage through the rock, and the green stream now swirled in its rapid course a hundred feet below. Fragments of rock, loosened by the sun and wind and frost of centuries, had fallen from time to time, leaving sheltered nooks and shelves in the walls of the canyon. In one of these crevices they found a flat stone that gave comfortable seating, and here they rested while the horses browsed their afternoon meal on the grass above. Little irregular bits of stone had broken off the parent rock, and for a while they amused themselves with tossing these into the water. But both were conscious of a gradually increasing tension in the atmosphere. For days the boy had been moody. It was evident he was harboring something that was troubling his nature for expression, and Irene knew that this afternoon he would talk of more than trees and rocks and footprints of the wild things of the forest.

"Your father is gettin' along well," he said at length. "Yes," he answered. "He has had a good holiday, even with his broken leg. He is looking over so much better."

"You will be going away before long," he said at length. "Yes," he answered, soberly, and waited."

"Things about here ain't gone to be the same after you're gone," he went on. He was avoiding her eyes and audaciously throwing his crumpled rock into the canyon. He wore no coat, and the neck of his shirt was open, for the day was warm. Had he caught her side-long glances even his slow, self-deprecating mind must have noted the admission. But he kept his eyes fixed on the green water.

"You see," he said, "before you came it was different. I didn't know what I was missing, nor so it didn't matter. Not but what I was conscious of it at times, but still I thought I was livin'—thought this was life, and, of course, now I know it ain't. At least, it won't be after you're gone."

"That's strange," she said, not in direct answer to his remark, but as a soliloquy on it as she turned it over in her mind. "This life, now, seems empty to you. All my old life seems empty to me. This seems to me the real life, out here in the foothills, with the trees, and the mountains, and our horses, you know."

### Up to Her

The young thing waited until the photographer's and was taken up to the gallery. "I want my photo taken," she whispered. "You'll make me pretty, won't you?"

The photographer grunted. "You'll see that it's a good looking young woman," he said. "Well, madam," said the man, "it's for you to decide which it shall be."

DODD'S KIDNEY PILLS

## Postal Workers Protest Dismissal

Deny Their Strike at Winnipeg Due to Sympathy With Soviet Ideas

Winnipeg—Representatives of the Postal Workers' Union appeared before the Robson commission and made a statement protesting against the discrimination shown by the government in not reinstating the workers who had been on strike, and also putting on the record of the commission an emphatic denial of the postal workers' sympathy with the "No" strike, did so to support a movement for a soviet form of government in this city, or for any reactionary principles of an unconstitutional nature.

The statement was made by J. A. Erick, general secretary of the Postal Workers' Union, who was supported by J. B. Johnson, one of the delegates who went to Ottawa, and W. J. Boyd, a member of the executive committee.

Ernest Robison, secretary of the Trades and Labor Council of Winnipeg, also appeared before the commission and made a statement in which he condemned the discrimination being shown by employers in Winnipeg—including the city of Winnipeg—against men who had held official positions in the unions before the strike, and who had been strikers.

The witnesses were cross-examined by C. B. Wilson, K.C., who is assisting Commissioner Robson in taking evidence. None of them, however, were placed under oath.

## The Hero Of Delhi

Veteran Soldier Who Earned Lasting Remembrance Died Recently

Today the Indian mutiny appears so distant as almost to be ancient history. Many of its episodes, however, rank among the more glorious achievements of British arms, and one of them was recalled the other day by the announcement of the death in Toronto of Luke Alfred Smith, a veteran soldier who earned lasting remembrance as one of the bravest of the gallant fellows who took part in the suppression of the Delhi mutiny.

Delhi was strongly fortified by an immense wall, protected by a deep ditch, divided by causeways providing access to the gates. The causeways had been ruined and the walls themselves proved almost impregnable. In these circumstances the desperate resolution was taken to blow up the causeways. Each of the volunteers carried a bag with twenty-five pounds of gunpowder, and the ruined causeway was crossed under heavy fire. Piling their bags against the gate, Lieutenant Salkeld was shot through the arm and leg while lighting the fuse. His place was taken by Burgess, who was shot dead. Casmichael sprang to the bags, also to fall mortally wounded. Smith then ran forward, but observing that the fuse had been lit, he had just time to spring into the ditch when the charge exploded with a tremendous crash and the massive gate blew up. Bugler Hawthorne then sounded the advance, and the storming party, after desperate fighting, succeeded in establishing a hold on the ramparts. It was a stirring deed that will ever be featured in the annals of the Indian Empire.—St. Thomas Times-Journal.

Decorations for Canadian Aviators London—Canadian aviators decorated for services in Mesopotamia with the Belgian Croix de Guerre are: Lieut. Roy Campbell, since killed; London, Ont.; Charles Albert, Cliffrath, missing since November, 1918, formerly a Canadian private; Richard Schroeder, formerly in the Canadian infantry, and Henry Cawling Wood, Toronto, who was severely wounded.

The Cavalier of the Royal Order of St. George has been awarded to Raymond Wilfred Kerr, Toronto, since killed.

"The man who gives in when he is wrong," said the street orator, "is a wise man; but he who gives in when he is right is—"

"Married!" said a meek voice in the crowd.

## Unusual State Of Art In Japan

Realizing More Than Half a Million Dollars in Gold

Tokio, Japan.—The greatest sale of the year in Japan took place recently in this city, when the treasures of Margins Ikeda, the feudal lord of Inaba Province, were sold at the Tokio Fine-Art Club, realizing an enormous sum of 1,050,000 yen—more than half a million American dollars in gold. The sale consisted of 560 items, comprising paintings, lacquer and porcelain wares, armors and swords, and costumes, and masks of the "No" drama.

The most striking feature of this collection was the glory and splendor of color shown by a dozen suits of armor and helmets on one hand, and by over three hundred "No" costumes of rich brocade and exquisite embroidery on the other. One suggested countless tales of deeds of valor of the ancient heroes; the other showed the refined pastimes and accomplishments of Japanese warriors when not on battlefields, together showing the life of feudal Japan.

One suit of armor and helmet, with scarlet silk cords and black lacquer over leather, decorated with gold and carved metal work, fetched the large sum of 38,500 yen (about \$19,500). Another suit of armor and helmet, with purple silk cords, profusely decorated with chased copper, was sold for 12,000 yen.

The collection of "No" costumes of wonderful brocade and embroidery fetched an aggregate sum of \$1,900 yen. Besides, there were nearly 800 "No" masks which realized about 40,000 yen. Some of these masks were excellent examples of Japanese wood carving, expressing sorrow, joy, anger—nearly every human mood.

It may be added here that "No" is a sort of opera, having been enjoyed for more than 500 years. While actors in theatres have long been looked down upon as of an inferior profession, "No" has always been held in national esteem, men of high ranks often participating in its performance.

## Building Activity Maintained

Building permits to the value of nearly a million and a half dollars have been issued in Calgary this year as compared with somewhat over eight hundred thousand dollars worth in the corresponding period of last year. The value of the permits issued last month amounted to \$380,000. Other cities throughout Western Canada report similar activity. This is a good start, but it is evident that the great work of reconstruction is not yet under way. There are signs, however, of still greater activity at no very distant future.

## There Is Only One Genuine Aspirin

Only Tablets Marked With "Bayer Cross" Are Aspirin

If You Don't See the "Bayer Cross" on the Tablets, Refuse Them—They Are Not Aspirin at All

Your druggist gladly will give you the genuine "Bayer Tablets of Aspirin" because genuine Aspirin now is made by Canadians and owned by a Canadian company.

There is not a cent's worth of German interest in Aspirin, all rights being purchased from the U.S. Government. During the war, acid imitations were sold as Aspirin in pill boxes and various other containers. But now you can get genuine Aspirin, plainly stamped with the safety "Bayer Cross"—Aspirin proved safe by millions for Headache, Toothache, Earache, Rheumatism, Lumbago, Colds, Neuritis, and Pain generally.

Handy in boxes of 12 tablets, also larger "Bayer" packages. Aspirin is the trade mark, registered in 1904 by Bayer Manufacturing of Monacopolitain of Salicylic acid.

## Has Ruined Both Rich and Poor

If communism in Hungary has succeeded in putting the working classes on top and the moneyed and intellectual classes underneath, it might not be without its appeal. But it has done none of those things. It has ruined the rich, of course, but it has ruined the poor along with them. The man who was poor finds himself poorer and with no hope of bettering himself.

To the youth in love whose salary is \$9 a week an ice cream sign looks like a nightmare.

Our ideal of a wise girl is one who can sing and knows it.

W. N. U. 1274

## Had a Very Bad Attack OF Bowel Complaint

IT WAS CURED BY DR. FOWLER'S

Extract Of Wild Strawberry

Any one suffering from bowel complaint, such as constipation, dysentery, colic, cramps and pains in the bowels, stomach complaint, etc., will find that Dr. Fowler's Extract of Wild Strawberry will give quicker and more permanent relief than any other remedy on the market today.

This old tried and proven medicine has been on the market for the past 74 years. You don't experiment when you buy it. Surely the test of time proves this.

Mrs. Daniel Hartwick, Mountain Grove, Ont., writes: "I used Dr. Fowler's Extract of Wild Strawberry and have found that it is a good remedy. When my little girl was 2½ years old she had a very bad attack of bowel complaint. Nothing prescribed by a doctor would cure her. I got a bottle of Dr. Fowler's Extract and found relief. Everyone who has children should not be without it in their home."

Price 35 cents a bottle; put only by The T. Milburn Co., Limited, Toronto, Ont.

## "Khaki College" Doing Valuable Work

System Adopted Is That of Free Tutorial Classes

Winnipeg, Man.—The "Khaki College" in connection with the University of Manitoba is doing valuable reconstruction work. At present there are 113 returned men taking the courses who would, in all probability, have thought it hopeless to go on with their education if it had been necessary to go back to high school or to resume at the university without this opportunity to gain time. The system adopted in the Khaki College is that of free tutorial classes.

Instead of drifting into occupations for the moment more lucrative, these returned men who left their studies to shoulder a rifle are being induced to resume their interrupted studies at a critical period in their lives, and are thus saved to the professions, preventing an incalculable loss to the province. Students can enter at any time, and are allowed to proceed to the next higher grade, without the formality of an examination whenever the instructors deem them to be ready for promotion. The purpose of these tutorial courses is primarily to prepare the boys to re-enter the university regular classes next September, but it is thought that the Khaki College will "carry on all year."

It is a significant fact that the courses leading to a definite profession are better patronized than those leading to an arts degree. The courses leading toward engineering and law are most popular. Most students are preparing himself for the diplomatic service.

## Berlin People Urged To Show Restraint

And Not Allow Themselves to Be Incensed By Foreign Soldiers

London, Eng.—A German wireless message states that a reward of 10,000 marks has been offered for information leading to the arrest of the individual who killed a French soldier in Friedrichshagen, and Berlin papers call upon the people to exercise restraint and not allow themselves to be incensed by provocative acts of foreign soldiers.

At the same time French soldiers are advised not to walk in Friedrichshagen at night. The papers further state that no trouble has been caused by American and English soldiers, who show more restraint than the French.

## Maintenance of War Alliance Urged

Paris.—The King of Italy has telegraphed to Raymond Poincaré, President of France, expressing Italy's earnest desire for the maintenance in peace of the alliance against the common enemy which proved so effective in war. Mr. Poincaré replied, reciprocating his wish and stating that France would consider as sacrilege any attempt to relax after victory the common and sacred alliance between the two countries so closely during the war.

When the widow creeps to weep her weeps soon dry up.

## CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My medicine is equally successful for adults, troubled with urinary difficulties.

## Of Local and General Interest

Gladness is appreciated only by those who know what sadness is.

Mr. and Mrs. S. J. Lamey have returned from an extended holiday trip.

A new cream separator has been installed at the corner of Tenth Avenue and Victoria Street.

And there are people in Alberta who would not believe that a man could sell his birthright.

The regular meeting of Crowview Rebekah Lodge will be held in the Masonic Hall on Thursday night next.

Mr. Humphreys, postoffice inspector, was in town on Monday to interview candidates for post-mastership.

Pte. George Patterson, sixth son of Mr. and Mrs. James Patterson, reached home from overseas yesterday and is looking well.

Ptes. George Patton and Arthur Ennis returned home the early part of the week, having received final discharge from military service.

Mrs. Thomas A. Edison and son of New York are enjoying the salubrious climate of Banff while the electrical wizard sweaters in the heat of the electric east.

One short year ago the current question in France was: "What shall we do if Paris falls?" Today the query is: "How soon can France catch her commercial step with the world again?"

An addition is being built to the new Tustian building at Cowley, the ground floor of which has been leased by the post office department and the upper flat to be used as dressing rooms and kitchen in connection with the Tustian hall.

James Henry Thomas, M. P. for Derby, England, says: "We shall lose our commercial supremacy unless we drastically change our political methods."—The Mother Country will handle her domestic situation as she did the war—in a masterly manner.

Here and there a few Alberta farmers are showing their sound business sense and incidentally their faith in Alberta, by purchasing more land while many are anxious to unload. This kind of sense is born of a thorough knowledge of the province.

The provincial government is undertaking an extensive highway building programme in the drought-stricken portions of Alberta as a means of providing profitable employment for those farmers who have lost their crops. Pressure is also being brought to bear on the railroads by the government, seeking the advance of branch line construction.

Rain, thunder and lightning failed to put a stop to the sports day programme at Cowley yesterday, and one of the most successful field days in the history of that town resulted. The principal features of the day were polo, baseball, horse racing and bucking contests. In polo which was the first game played since 1913, two teams entered—Cowley and North Fork. The former team won by a score of 2 against 1. Blairmore and Cowley teams entered the baseball competition, the visitors pulling off the laurels in one of the best games of the season. Prizes were awarded to Carney and Diamond in the half-mile horse race, and to the Diamond brothers in the pony race. Diamond and Connolly won the polo pony race. Foot races were confined to a half-mile dash, in which Messrs. William and James Turner won first and second place, respectively.

In the bucking contest, the Blairmore baseballers won a decision over Empire Franz. At night a grand dance was given in Tustian's new hall.

Miss Violet Sargent is spending the holidays with her father.

Mr. J. Davidson, of Coaldale, has imported a \$4,250.00 calf from Illinois.

Mr. and Mrs. D. R. McIvor and children, of Cowley, are spending a brief holiday in Ontario.

Anglican church services on Sunday next, Aug. 3 p. m., conducted by the Rev. H. Clay.

A two-hundred-room hotel is to be built at Burnside for the benefit of sight seers.

Bellevue football team defeated the Blairmore team in a good game at Bellevue this evening.

The provincial government is now employing Austrians as stool pigeons. No grander opportunity was ever offered them.

The fender of a bunch of six keys, lost between 11 and 3 on Wednesday, will be rewarded on leaving same at the Enterprise.

Toronto's medical health officer has issued a warning that another influenza epidemic may sweep over that city the coming winter.

Avoid argument with ladies. In spinning yarns among silks and satins a man will always be worsted and twisted and finally wound up.

A hailstorm devastated the country around Sackville, N. B., on Tuesday. A high wind preceded the storm and many roofs were torn off.

A meeting of the committee and all others who are interested in Chautauque will be held in the Enterprise office on Monday evening next at 8:30.

Out in Fernie the hotel proprietors and their wives are tossing coppers to see which should suffer penitence for having offended the liquor laws.

Mr. and Mrs. James Smith announce the arrival of a baby daughter at their Lundbreck home. Jim is already contemplating adding another trailer to his Ford.

The debris is being cleared from the lots recently swept by fire and several pretentious structures will shortly be erected, including a brick block for P. Burns & Co.

About one hundred Blairmores took in the Cowley sports on Wednesday. That's all they "took in," for Cowley was drier than the vestry of First Presbyterian church at Calgary.

Mr. Walker, representing a Dominion film manufacturing concern, was in The Pass to-day conferring with local capitalists re the formation of a local film producing company. We understand that the proposition is being favorably received.

Amago Parker, a cowboy, on the Knight-Watson ranch near Lethbridge, sustained a broken neck on Saturday last by being thrown from a broncho. An operation was performed on him in the Galt hospital and the boy died there following the operation. He was billed to ride in the Calgary Stampede and was trying out some bronchos when the accident occurred.

The entertainment given at the opera house on Wednesday night by Harvey's Greater Minstrels was really the crowning event of the season. For vocal and instrumental talent, no better could be desired, and the entertainment throughout was nothing less than announcements promised. For the first time in the history of the local opera house, the capacity was overtaxed. All seating space and standing room was filled, while fully fifty people had to take satisfaction from a peep or hearing through a door or window.

Messrs. Cardell and Welsh are rushing repair operations at their Maple Leaf mine.

Miss Stewart, late of the teaching staff of the Coleman public school, has joined the army of benedictines at Calgary.

Miss McKay, last year principal of the Frank school, has been given a position on the teaching staff at Coleman and takes up duties there in September.

A. E. Farmer, secretary of the reception committee of the 3rd C. M. R., announces that a reunion will be held in the Nordau hall at Medicine Hat on August 7th.

Mrs. Fred Grenier, who has not been enjoying good health for some time past, will leave in a few days for Scotland, where she will rest up at her old home.

Major J. Graham, late of the 50th Battalion, C. E. F., a well known Macleod rancher, died in the Macleod hospital on Wednesday night, following an operation for cancer.

Great Rexall sales are being conducted by P. C. Macdonald at Bellevue, this week end, and by H. C. McBurney, at Coleman, August 2nd, 4th and 5th. See their big bills.

A sister ship of the Empress of Russia, of 20,000 tons displacement, is to be built by the C. P. R. for the trans-Pacific service. The new ship is to be named Empress of Australia.

Bills are out announcing the Labor Day sports to be held at Bellevue in connection with the horticultural exhibition. An outline of the programme will be published at a later date.

Total earnings of the United States Steel Corporation for the second quarter of the calendar year aggregated \$34,331,301.00, and the usual dividends of 14 per cent preferred and 14 on common were declared.

Mr. and Mrs. Rosse took three dips in the Pacific, the waters lowered two inches, thousands of dead fish of all varieties washed ashore and fishermen had to quit the voyage because their nets were clogged with macaroni.

WAR VETERANS WANTED in every district to represent our firm. Experience unnecessary. Pleasant work and liberal pay to live wires.—J. D. H. BOUSQUET & ASSOCIATES, Edmonton, Alta.

"Home to the mountains" is a popular tune these days with patriots.

A Brandon, Manitoba, farmer commenced wheat cutting on July 22nd.

One million tons of Canadian timber and lumber is to be shipped to the United Kingdom within the next twelve months.

Two Young Ladies WANTED to call in every home in your district Pleasant trip and large returns to rest workers.—J. D. H. BOUSQUET & ASSOCIATES, Edmonton, Alta.

Dr. Salem Bland, who was called to the pastorate of the Toronto Tabernacle (Methodist) last winter, has been requested to resign, as his pronounced sympathy with labor is distasteful to the Tabernacle officials.

Marie Faque, a nine-year-old miss, of Paris, France, has negotiated the trip from the French capital to Edmonton, alone and unattended, in spite of the fact that she cannot speak a word of English. She comes to join her parents, who reside at Fawcett, Alberta. The father is a war veteran.

A special hay and stock tariff has been fixed and goes into effect on the northern railroads at once. This arrangement provides for free freight on cattle, feed and hay, outfitting moving in and out of the northern portion of Alberta and applies to bona-fide farmers within the drought-affected areas. Many southern farmers have already secured temporary feeding locations in the north.

The recent testimony of Henry Ford in the Mount Clemens court room has stripped the millionaire automobile manufacturer of much of the glamor associated with him in the public mind. It was shown that books, pamphlets and advertisements published over his name were written by an employed writer and Henry did not even understand them when he read them. It is not expected this will have any detrimental effect on either the sales records or the performance of "Lizzie" on the road, but it does go to prove that an income of fifty millions does not equip a man to take part in the really big affairs of this world, where knowledge and intellect count.

We learn that the two lots on the corner of Seventh Avenue and Victoria Street have been purchased by the F. M. Thompson Co., on which they purpose erecting a large two-story brick building. The ground floor of the building will be occupied for general store purposes, while a large assembly hall or lodge room will comprise the upper flat. The building will front on Victoria street and Seventh Avenue and will be an attractive structure.
